

At Community Resources for Justice, we believe that society gains when all people receive the support and tools they need to lead responsible, productive, and dignified lives.

We assist men and women returning to the community from incarceration, support adults with developmental disabilities to live as independently as possible, and improve public safety and promote fairness in the criminal justice system through policy reform and training.

Our Mission

We change lives and strengthen communities by advancing policy and delivering individualized services that promote safety, justice, and inclusion.

725 employees

\$26M
combined annual payroll
